The Dew.

"Weep for me, gentle flowers; let your tears
Plead for me with the light."
So, tremblingly, before she disappears,
Whispers the Night.

"Amid creation, see, I am alone,
Following the fleeting Day;
The gray mysterious spell around me thrown
Repels the gay.

What pleasure is it that to me belongs
The sweetest flower and bird,
If by my ear the sad, beseeching song
Alone be heard?

He flies forever from my yearning arms,
That glorious, smiling sun;
I, bathed in tears, amid my starry charms,
Must follow on."

So, with a breath of sad and hopeless sighs,
Night bids the earth adieu;
And the pure tear-drops in the flower's eyes
We call the dew.

—R. S. WHITE, in *Harper's Magazine.*

"Drifting."

Perhaps the prettiest thing the late Buchanan Read ever wrote, was the following poem which was written after the poet's return from Naples and Vesuvius:

My soul to-day is far away
Sailing the Vesuvian Bay;
My winged boat, like a bird afloat,
Swims round the purple peaks remote;

Round purple peaks it sails and seeks
Blue inlets and their crystal creeks,
Where high rocks throw, through deeps below,
A duplicated golden glow.

Far, vague, and dim the mountains swim;
While on Vesuvius's misty brim,
With outstretched hands, the gray smoke stands
O'erlooking the volcanic lands.

Here Ischia smiles o'er liquid miles;
And yonder, bluest of the isles,
Calm Capri waits, her sapphire gates
Beguiling to her bright estate.

I heed not if my rippling skiff
Float swift or slow from cliff to cliff
With dreamful eyes my spirit lies
Under the walls of Paradise.

Under the walls where swells and falls
The Bay's deep breast at intervals
At peace I lie, blown softly by,
A cloud upon this liquid sky.

The day, so mild, is Heaven's own child,
With earth and Ocean reconciled;
The airs I feel around me steal
Are murmuring to the murmuring keel.

Over the rail my hand I trail
Within the shadow of the sail,
A joy intense, the cooling sense
Glides down my drowsy indolence.

• • • • • • •

Her children, hid the cliffs amid,
Are gamboling with the gamboling kid;
Or down the wall, with tipsy calls,
Laugh on the rocks like waterfalls.

The fisher's child, with tresses wild,
Unto the smooth, bright sand beguiled,
With glowing lips sings as she skips,
Or gazes at the far off ships.

Yon deep bark goes where Traffic blows,
From lands of sun to lands of snows;
The happier one, its course is run
From lands of snow to lands of sun.

O happy ship, to rise and dip,
With the blue crystal at your lip!
O happy crew, my heart with you
Sails, and sails, and sings anew!

No more, no more the worldly shore
Upbraids me with its loud uproar!
With dreamful eyes my spirit lies
Under the walls of Paradise!

NEWPORT DAILY NEWS.

THURSDAY, May 30, 1872.

General Assembly.

But little has been accomplished as yet in either House of our legislature. Numerous bills were presented yesterday, but they were immediately referred to the appropriate committees, and it is doubtful if any action is taken on them, before the January session, as the Assembly will probably adjourn tomorrow. Mr. Turner's bill to abolish trap and seine fishing was introduced yesterday, and referred without discussion. A large number of county officers were elected and petitions from numerous military companies for appropriations, were presented.

The Delegates.

The whole number of delegates elected to the Phil. Conventionis 714; of this number all but 56 havebeen instructed by their various states to vote for Grant. The three states sending forth its delegates without instructions are Connecticut (12), Missouri (30), and South Carolina (14). General Hawley is chairman of the Connecticut delegation, and it is well known that he is for Grant "first last and every time," and the rest of the delegation is equally in his favor. Hence in reality there are but 44 votes unpledged for Grant.

On the question of the Vice Presidency, seventeen states, numbering 382 votes, have sent out their delegates without instructions; eleven states, representing 130 votes, have instructed their delegates to vote for Colfax and three, casting 52 votes, are pledged for Wilson, of Massachusetts. The remaining 150 votes are divided between Wilson of Iowa, Harlan, Maynard, Davis, and Dennison. These last are merely the complimentary votes of those states for their favorite sons. They will have no effect on the result, for after the first ballot, they will doubtless all take sides with the two leading candidates, Colfax and Wilson. Between these two the contest is growing somewhat interesting. The friends of each are working earnestly for their favorite candidate, with the chances at present decidedly in favor of Colfax, but what the result will be when the vote is reached it is impossible to tell.

The Centennial Celebration.

The Senate has passed the House bill providing for raising money in the different States to defray the expenses of holding an international centennial exhibition of arts, manufactures and products of the soil at Philadelphia, to commence on the fourth of July, 1876. A corporation is chartered with power to issue ten millions of dollars of stock in shares of ten dollars each. The Rhode Island Corporators are: Wm. S. Slater, Albert S. Gallop, Ambrose E. Burnside, James Y. Smith, Charles S. Bradley, John O. Waterman, George H. Browne, Horace Babcock.

Among the corporators from other parts of New England are: Hon. Robert B. Winthrop, Ex-Governors Bullock and Claflin, Hon. A. H. Rice, William Lloyd Garrison and Hon. Emory Washburn, of Massachusetts; Ex-Governors Coburn, Chamberlain and Morrill, Hon. William P. Howes and Henry E. Prentiss, of Maine; Ex-Governor Weston, Hon Harry Bingham, Hon. Samuel M. Wheeler and Samuel W. Hale, of New Hampshire; Horace Fairbanks (Fairbanks Scales), Hon. Lawrence Brainard and H. G. Root of Vermont, and Hon. Eli Whitney Charles Atwater and Henry P. Haven, of Connecticut.

The Situation in Spain.

The Spanish ministry being called upon to render accounts for the deeds performed during their service find themselves in a rather unenviable position. Upon examination it was found that twenty million dollars had disappeared from the Colonial department and had been expended in the Interior. This they claimed had been expended in the secret service, or rather had been used to employ spies to watch the doings of the inhabitants of that unsettled nation. The report given by the ministry shows a most chaotic state of affairs and no prospect of an improvement. Every prominent man is represented as being involved in some conspiracy. Madrid appears to be a vast nest of political intrigue. Serrano is said to be involved in the movement in favor of Alphonso, son of ex-Queen Isabella. Rey, recently minister of war, is said to be compromised with the Carlists, and Zombla with the Internationals. Distinguished Republicans are reported as proposing to plunder the Bank of Spain, Castelar wishing only to seize coin, and Margall urging the seizure of bullion also.

The king is represented as having no confidence in the capacity or honesty of the Spaniards, and as having asked advice of his father on the propriety of employing Prussian generals. This remarkable glimpse of Spanish parties in their intrigues has had the effect of a political earthquake.

News Summary.

James Gordon Bennett Jr. is but just alive.

In the Methodist General Conference, Rev. Dr. E. Wentworth of Troy was yesterday elected editor of the Ladies' Repository; Dr. Curry of New York, editor of the Christian Advocate; Prof. F. S. Hugh, of Ohio, was elected editor of the Western Christian Advocate and Arthur Edwards of the Northwestern Christian Advocate.

Jeff. Davis has declared in favor of Horace Greeley.

Faber's pencil factory in New York was destroyed by fire yesterday morning. Loss, $235,000.

Nebraska is the last named sufferer by that tornado which has recently been making a tour of the South and West.

The Democrats of Georgia declare in favor of defeat rather than partial victory, and do not propose to support Mr. Greeley.

There appears to be a dead lock on the Treaty question. England is dissatisfied, and "Perley" says our Government will make no further concessions.

The officials and prisoners in attendance at the Police Court of Cambridge were given a holiday yesterday.

There was an unusual Sabbath school anniversary in Brooklyn yesterday. There was a procession in which were 30,000 children.

Long Wharf.

THE PERILS OF ITS NAVIGATION ABLY SET FORTH.

Mr. Editor: We came ashore from the steamer Providence, on Sunday morning. It was 3 o'clock, A. M. A still, quiet, comfortable morning to walk up town. The Eastern sky was just beginning to herald the coming day.

After wandering about over platforms and railroad tracks, and skirting numerous large and small mud-puddles, we espied a familiar looking structure with a cupola on the peak, bearing about south-south-east on the port quarter. Keeping it close on the weather-beam, we went steadily on until the illuminated face of the Court House Clock opened along the long causeway you call Long Wharf. Turning due east we kept the clock face "open" before us, and started for up town on a row of lose bricks. "There were two of us." One with a valise, the other with a bag and bandbox. "Single file" was just possible, and then we were pelted with pebbles from the roadway, thrown by the hoofs of horses and wheels of hacks which went rattling past, so near were they to the curb stone, and so narrow the side walk.

It has been my habit for a great number of years to run down to Newport; often several times in a year, for no other purpose than to worship at Love's shrine. As long ago as cholera year '32, I remember Long Wharf, where I used to go Saturdays to fish for "cochogsets," sitting on the wharf log behind the veritable building, I suppose, mentioned above. From that point up to town, I can see very little change in Long Wharf. The same buildings, the same old rotting hulks, the same stinks. It makes me think of a tadpole, which somehow has failed to outgrow its tail, and become a predestined frog—hopping happily away—but instead, continuing a tadpole, and developing an enormous growth about the head, while its offensive tail remains, accumulating filth and nastiness. But we finally reached our destination safely, and got for our early exercise, a few hours more of restful sleep.

During the morning we were taken out to the alms house at Sailor's Snug Harbor. After listening to an interesting discourse addressed to us and the other needy creatures there, and "assisting" at some rather "hefty" singing, we were shown the various points of interest to be seen from that rural retreat. On every side there were evidences of growth. In every direction were sights never to be forgotten, of beauty and loveliness. Whichever way the eye was turned, the hand of improvement was seen, in villa, in lawn, in landscape. Even where we stood, a city's regard for its good name, in the care of its indigent poor, was manifest.

Why then, I thought has old Long Wharf been permitted to remain in such a state, so many years, and almost, too, the only inlet and outlet for travel. As long ago as I was a pupil in Tower's school in Clarke Street, the boys used to sing:

Up town—gentlemen,
Down town—brats,
Over to the point—bullies;
Long wharf—rats.

And the rats seem to have kept possession. The public, and those who visit your city, seem to be at the mercy of a few "settlers," or else your City Authority is remiss in its duty. Where we can see so much of their zeal manifest in other directions, it seems strange that this so much used avenue has been so long neglected.

Do, Mr. Editor, stir up the City Fathers, until they make this way a "way of pleasantness."

OLD SCHOOL.

Items.

There was a terrible tornado in southwest Missouri on Saturday evening. Several lives were lost and much property was destroyed.

For a fortnight past the catch of menhaden in the Long Island bays has been enormous; fishermen were glad to dispose of them at $1 per 1000. It is estimated that last week 2,000,000 were taken in Gardiner's bay alone.

A riot occurred in Jersey City, Monday afternoon, between a large body of men who had struck for eight hours a day and the men hired to fill their places.

The Greeley ratification meeting in New York will be held in Cooper Institute next Monday evening. B. Gratz Brown says he will be there.

A movement is in progress among the clerks of Havana to demand their liberty on Sundays, for the purpose of attending to religious and social duties. The condition of the Havana clerks is very onerous.

John White, a colored man, who killed two men and wounded several others, recently, while resisting arrest on President's Island, Tenn., has been found guilty of murder in the first degree.

Western stockraisers say that the recent reports of the death of stock in consequence of the hard winter were greatly exaggerated. But little of the acclimated stock was injured.

The Jersey City employers have conceded to the striking bricklayers and masons, and the eight hour rule is fully established.

A strike of horse shoers for increased wages was partially inaugurated in Boston, yesterday. Several of the largest employers, including the Metropolitan Horse Railroad, agreed to the advance.

Moses Titus, a resident of Somerset, committed suicide by shooting, and was found dead in his bed, Tuesday morning. He was a single man, aged about 50 years, and had been a resident of Somerset for twenty years or more.

The insurgents have again made their appearance in the eastern department of Cuba. They attacked from the cliffs a gunboat entering the Bay of Banes, but were driven away by the heavy guns which were opened upon them.

The Louisiana republican State Convention called by Lieutenant Governor Pinchback met in New Orleans yesterday, but did no business except to appoint committees. A split on Greeley is anticipated.

The largest tree in the Northern States is said to be that known as the Balm Gilead Tree, near Newburgh, N. Y., which is thirty feet in circumference. Near Newburgh are also two old oaks, called the Washington Oaks. One is twenty-three feet in circumference, and the other eighteen feet.

Two of the Pennsylvania coal mines of the Delaware and Hudson Company, wishing to reduce the supply of coal, and subsequently to increase the price, have suspended operations. It will reduce the supply to the extent of 3000 per day.

ABOUT HOME.

—A busy place is the new wharf of the American Steamboat Company.

—Governor Hoffman has taken rooms at the Ocean House for the season.

—Next Monday the new palace cars, on the Wickford road, will commence running.

—The person who lost a patent lock key, will hear of its whereabouts by reading the advertisements.

—The old Penrose House one of the oldest and most populous in the city, is now vacated and will be taken down.

—The claims of Long Wharf are to be considered in the Board of Aldermen, this evening.

—We have a few new carriers for this paper. If our subscribers find any irregularities they will confer a favor by reporting at the office of publication.

—The travel upon the Wickford route opens well. A large number of the members of the General Assembly find it convenient to come that way.

—The yacht Dreadnought, well known to our citizens, has been sold to Samuel B. White, of New York for $15,000. The Dreadnought was a new yacht, and cost when built $68,000.

—The Quakers have engaged all the rooms at the Atlantic House for June meeting week. It is thought that the company will be more quiet than it was the night before 'lection.

—Swinburne, Peckham & Co., find it necessary to enlarge their planing mill accommodations, in order to meet the increasing demand for work. They are about putting in an additional planer, and other machinery.

—The Rev. Dr. Potter is already occupying the new cottage on Rhode Island avenue. Worshippers at All Saints will be glad to know that he is to be here for the summer.

—We had always supposed that there was only one Democratic daily paper in the State, but from a careful reading of the Providence Press and Herald, we have been forced to the conclusion that the Press is by far the most out and out Democratic of the two.

—Hon. Charles R. Cutler, the new Lieutenant Governor of the State, held a reception at the Atlantic House, last evening, at which all his Democratic friends were invited.

LECTURE THIS EVENING.—The lecture entitled the "Black Bottle," will be given this evening by Rev. Edwin F. Jones at the Thames street M. E. church. The lecture promises to be interesting and will be illustrated in part upon a black-board. As there is no charge for admission it is hoped every one who can will attend.

THE THEATRE.—Mr. & Mrs. John L. Hall, supported by their excellent troupe will perform at the Opera House tonight the Comedy of the Duellist, which will be followed by the most laughable farce of the Windmill. His Excellency Governor Padelford and his friends have been invited and will in all probability attend. Mr. Hall has met with good success thus far during his week's entertainments and we doubt not will still continue to draw equally full houses.

EXTRA TRAINS.—On and after Monday next, the new arrangement of trains on the Old Colony and Newport road, will take effect. The extra train for Boston will leave here, as last season, at 10 30 A. M., and returning leave Boston at 2.40 P. M. The Taunton special will arrive here at the same time as last year, and leave at 3 P. M., instead of 4. Our present 3 o'clock train for Boston, will delay starting for half an hour or more, the time not yet being announced, and will then be an express train most of the way. When this arrangement takes effect there can be no complaint of lack of means of communication, between Newport and the outside world.

OUR FIRE RECORD.—During the year just past we had in all thirty-two alarms of fire, twelve of which have been false, two beyond the city limits and eighteen slight fires. The total loss of property from these eighteen fires, estimated in round figures, has been $2100 and the amount of losses paid by the various Insurance Companies is $500. Can any city show a better record than this? While disastrous conflagrations have raged in nearly every city of our land, our city, pronounced by insurance men but little better than a tinder box, has escaped, almost unscathed. Our old wooden town has been remarkably free from fires for years past, and insurance companies have had little to complain of, in the way of losses. In view of this fact will a rise in the rates of premiums be justifiable at the present time?

What few fires we have had have been promptly extinguished by the active exertions of the fire department, for which they are deserving of much praise.

THE FORT BAND.—It seems strange that so little notice should seem to be taken of the band under the leadership of Prof. Frank, now connected with the 5th. U. S. Artillery stationed at Fort Adams, seeing that it is unexcelled and almost unequalled in the country for the style and excellence of its performance. Two of our national bands, generally considered to be two of the best bands connected with the service, the band at West Point, and the Marine Band at Washington, have been invited to participate in the programme of the Peace Jubilee in Boston, while the equally meritorious band of Prof. Frank has been "left out in the cold," although the leader of the West Point Band, an Italian and a highly accomplished musician, has declared that Prof. Frank's band is fully equal to his own, and is not surpassed by any in the service. However, the season approaches when the *élite* of our city, from home and abroad, will listen to the enchanting music of the band, with artistic taste and commensurate appreciation.

Kingston.

BROKE JAIL.—Carl Sitena, an Italian, escaped from the Washington County Jail, last Thursday night. He was connected with the Westerly stone cutters strike and was committed for want of bail. Deputy Sheriff Wilcox tracked Sitena to Westerly, where he is now supposed to be secreted by his friends. It is probable that he was let out of the jail about 9 o'clock, Thursday night, by friends. All the rest of the strikers who were committed with the escaped prisoner have been admitted to bail.

Portsmouth.

TEACHERS' ASSOCIATION.—A meeting of the Teachers' Association was held at the house of Joseph G. Dennis. The Vice President of the Association, Mrs. Clara E. Dennis, presided. Various educational matters were discussed. The meeting adjourned to meet at the house of Philip B. Chase, on Tuesday evening, the 4th proximo.

THE FISHERIES.—While some of our seine fishermen have been very successful in taking scup in their traps, others have taken but small quantities. The small scup are again remarkably numerous this year, weighing from three ounces to half a pound. It is estimated that the fishermen at the Flints have turned out of their traps five hundred barrels of the small scup, and that at Seaconnet Point ten thousand barrels have been turned out. They are too small to be marketable. Many of the large scup that have been taken this spring would weigh five pounds apiece.

HOOK FISHING.—It is the uniform testimony of our hook-fishermen, that they have never been more successful in taking fish with hook and line than they have been this season so far. On Tuesday, the 21st inst., two men—one of them coming from Boston for the purpose—caught a hundred pounds of tautog at the beacon at Bristol Ferry.—They fished from noon until 4 o'clock. On Wednesday, just at night, James Faulkner, of the town, caught a half bushel basket full at the same place in a very short period of time.

The World's Peace Jubilee.

THE FOREIGN BANDS.

The Band of the Garde Republicaine of Paris and the Irish Constabulary Band of Dublin have been added to the list of foreign instrumental organizations which are to be present at the Jubilee. The announcements will be received with much gratification. The French band, which was reconstructed under the new regime from the celebrated band of the Imperial Guard, is one of the finest instrumental organizations in Europe. It consists of fifty members, and the entire organization is coming to Boston. When the proposition for a French band was made to General Cissey, the French Minister of War, he promptly gave his acquiescence, and the consent of President Thiers was as easily obtained.

The Irish Constabulary Band is a splendid organization, and will make a sensation upon arrival. The telegram announcing that definite arrangements had been concluded for the visit of this band to America was received from Mr. Edward Prescott, who sailed from Boston as an agent of the Jubilee Association no longer ago than the 11th inst. The consent of the Lord Lieutenant of Ireland had to be obtained for the Band to leave Dublin.

The foreign bands will probably begin to arrive by the 10th of June. Strauss and his orchestra, it is announced, are to leave Vienna the 24th, and the Prussian band is to leave Berlin on the 31st.

John G. Whittier.

An interesting correspondent of the Providence Journal writes as follows of America's most distinguished poet: Mr. Whittier, as all the world knows, is a Quaker. His parents and grand-parents were Quakers. He is anything but sectarian. The whole human family are his brethren. Everybody knows, too, that Mr. Whittier was an original abolitionist with Garrison, though he did not agree with him in all his ultra notions. He told me that when Garrison was imprisoned in '32, for publishing his anti-slavery paper in Baltimore, he was sorely tried, being himself very poor and without influence, to find out how he could aid him. Mr. Garrison was a great admirer and friend of Clay, and had written a strong article urging his nomination for the Presidency. Mr. Whittier said he enclosed the article in a note to Mr. Clay, asking him to use his influence for Garrison's release from prison, and that Mr. Clay responded cordially at once that he should have done everything in his power or for his friend, but that he was discharged just before his letter reached him.

Mr. Whittier was in the midst of the three great anti-slavery mobs, the one in Boston, when Garrison came so near losing his life, and when the conduct of the Mayor was in such disgraceful contrast with the conduct of our own Governor Arnold in the mob at Olney's Lane. The mob at Philadelphia destroyed Mr. Whittier's office and burned his books and papers. But he told me the mob in which he incurred the greatest personal risk was at Concord, New Hampshire, where he and George Thompson, the Englishman, went to hold an anti-slavery meeting. The mob collected in great number, armed with stones, clubs and muskets, broke up the meeting, and followed him and Thompson to the house of the friend with whom they were staying, Mr. Kent, brother of Gov. Edward Kent, of Maine. Mr. Whittier came near losing his life by a severe blow from a stone in his back and shoulder. But they got into the house, and Thompson managed to get out of the back door and into the woods unobserved. Mr. Whittier said it was the most excited scene he had ever witnessed. The mob surrounded the house and threatened to tear it down unless Thompson was sent out to them. Mr. Kent was a firm man and barred his doors against them. The family were all beside themselves except Mr. and Mrs. Kent. Two daughters of Ezekiel Webster were there. Mr. Whittier said one of them threw her arms around him saying, "O, Mr. Whittier we will die with you!" Just then a clergyman who was in the house proposed that they unite in prayer, but Mrs. Kent said they had better fight than pray, (God bless her liberty loving soul forever; I say!) The mob finally dispersed. Thompson got into the house. Whittier, exhausted, fell asleep on the bed, while Thompson sat up. Directly a stone dashed in the window of the room where they were, and Mr. Whittier said he jumped clear from the bed. The mob had returned, but with them a friend of Mr. Whittier, who pretended to be in the interest of the mob, who, by his finesse and tact got them away the second time, when Thompson and Whittier got into a carriage and drove off. When a short distance from the house musket shots were fired at them, but doing no other damage than making a hole through the carriage. And thus they escaped.

"And now," said Mr. Whittier, "you may think that, poor despised and persecuted as we were, we were a very miserable set; but it was not so. We had very pleasant times together, and I think I can understand how the old martyrs might have enjoyed themselves very much."

The House met at ten o'clock, and Speak- Van Zandt announced various committees.

the election of sundry officers was proceeded with, including State Auditor, Clerks of Supreme and Common Pleas Courts, Sheriffs, Judges of minor courts, Inspectors, &c.

The officers elected for Newport County are:

Clerk of Supreme Court and Court of Common Pleas—Thomas W. Wood; Court of Justices, Newport—James G. Topham, presiding justice; Clerk—Henry N. Ward; Sheriff, Thomas Tilley.

Thomas W. Chase of East Greenwich, was elected Brigadier General of the fourth brigade, for the unexpired term of the late Gen. Waterhouse.

Charles H. Fisher of Scituate, and Rev. Geo. L. Locke of Bristol, were reelected on the Board of Education.

The Grand Committee then dissolved.

Crop Prospects at the South.

Eastern Virginia, North Carolina, Tennessee and Georgia have recently been visited by rains, which have been of great benefit to the growing crops. From South Carolina, Florida, Alabama and Mississippi come accounts of drouth, and consequent backwardness or failure of the cotton plant. The want of rain appears to be severely felt in all these States. In Louisana there is a decided improvement in the condition of the growing cane, yet well-informed parties do not expect a crop of over 75,000 hogsheads. In Texas the prospect for all crops appears to be promising.

The President has nominated Egbert Long Berry, of New York, secretary of legation for Japan.

Wholesome Stimulant, That is Absolutely Pure.

Physicians throughout the world agree as to the necessity for diffusive stimulants in medical practice, but complain, and with good reason, of the impossibility of obtaining them pure. The difficulty here presented would be a serious one indeed, if the class of agents was limited to the adulterated liquors and wines of trade. It vanishes, however, when the absolute purity and extraordinary restorative properties of Hostetter's Bitters are taken into consideration. As a stimulant the article is absolutely free from everything objectionable; but this is only one of its recommendations. If it were nothing more than an excitant its effects would be fleeting. It might refresh and revive the system for a few minutes, but could produce no permanent benefit.—The stimulating elements of the Bitters is a means not an end. The tonic, anti-bilious, depurative and aperient vegetable juices combined in the preparation are the agents that impart vigor and regularity to the weakened and disordered organization, the spirituous principle being chiefly useful in diffusing their influence through the system and otherwise facilitating their operation. Alcohol, even in the purest form, is not so much a medicine as a motive power, by which the specifics of the vegetable kingdom may be brought to bear upon the debilitated and disordered organs that require renovating and regulating; and it is in this way that the pure essence of rye incorporated in Hostetter's Bitters increases the efficiency of the purely medical ingredients.

Oh! That I Were Beautiful! is the unspoken wish of thousands of women to whom nature has denied the charm of a pure, fresh transparent complexion. To gratify this wish HAGAN'S MAGNOLIA BALM was introduced. The cosmetics of the day had been pronounced poisonous by the most distinguished chemists, and it was also found that their ultimate effect was to wither the skin as well as to paralize the external nerves. The ladies hailed with delight the advent of a healthful, herbal and floral preparation capable of imparting to their faces, necks and arms a porcelain smoothness and a tinge like that of the finest oriental pearl. They soon discovered that it was a "new thing under the sun," incomparable and unapproachable. Unquestionably the MAGNOLIA BALM has been the great toilet success of the present century. n&j

It was a generous act on the part of JORDAN, MARSH & CO., to fit up elegant waiting and dressing rooms for ladies visiting Boston. The retiring and waiting rooms afford rest and refuge from the bewildering display of those goods supposed to be dearest to the female heart.

THE BEAUTEOUS SPRING.

The beauteous Spring at last has come,
And thousands welcome it with joy:
We hear the workmen's busy hum,
As each goes forth to his employ;
The grass is springing round our way,
The birds are singing in the trees,
And comes once more the beauteous May,
Welcomed by all on land and seas:
The Boys are out in handsome "CLOTHES,"
Which they have bought at GEORGE FENNO'S
Coat, Pants, Vest, Hat and *Shoes* complete,
Corner of Beach and Washington Street, Boston.

The Celebrated Quaker Bitters—A Great Spring Medicine.

Why do many people in the Spring of the year feel weary, weak, languor of body and mind, which if not removed, often results in dangerous maladies, a morbid sensation, &c.

It is because nature at this season of the year is undergoing a great change. She commences to germinate, to generate, to propagate, to build, to renovate; this great law is palpable in all the animal creation, hence the necessity of a counter action.

The aged are more susceptible of nature's changes than the young, because the power of repelling disease is not so great, consequently requiring more vigilance.

Those past the meridian of life, at all seasons of the year, are greatly benefitted by taking a few bottles of the Quaker Bitters. It produces new life, energy, and consequently happiness.

CARPETS,
OIL CLOTHS,
AND MATTING.

The subscriber has received, and offers for sale, a fresh stock of Carpets in good variety.

Having been fortunate in buying before the recent rise in price, he is able and willing to sell at as low prices as can be found in the lowest markets.

The high price and scarcity of wool makes it probable that prices will advance with the season, and he therefore recommends all needing Carpets this year to buy early, for they will certainly be no lower in price, and most probably will be higher.

Carpets made and laid *at fair prices.*

Particular attention paid to hanging shades using for such work, a highly approved fixture.

All wanting Carpets, are invited to inspect the stock, which will be freely shown, leaving them free to purchase or not as they may decide.

What Spring Said to the old Roman.

TRANSLATION OF VII ODE B. IV OF HORACE IN THE METRE OF THE ORIGINAL.

Gone are the snows, and the fields are now covered with verdure
Trees with their leaflets;
Earth casts aside the cold robe of winter; the streams lately swollen,
Glide by in quiet,
Graces and Nymphs with the bands of their sisters fearlessly lead on
Natures wild dances.
Hope not for life everlasting, so teaches the year, and the fleeting
Hour thus advised.
Winter's frosts are dispelled by the southwind and Spring yields to Summer,
Destined to fade when
Fruit bearing Autumn pours forth her treasures, and now barren winter
Follows in order.
Soon does the waning moon refill its horns,
But when mortals
Go to the realms where dwells Aeneas the good, wealthy Tullus and Ancus,
They are but spirits.
Who knows whether the Gods above shall add to our days
The light of the morrow?
Rescue then whatever thou canst from the hands of time, now by
Present enjoyment.

WORLD'S PEACE JUBILEE

AND

International Musical Festival,

AT BOSTON.

PRELIMINARY ANNOUNCEMENT.

The Executive Committee of the World's Peace Jubilee and International Musical Festival respectfully announce that the great undertaking to which the music-loving people of the country have been looking forward for many months, with such deep interest, will commence in Boston

On the 17th Day of June,

And close on the

Fourth of July Next.

It is hardly necessary to state that the preparations for this great event have required the constant application for months of the thousands who are to participate in it, and have involved an enormous expenditure; but the committee feel confident that the time, labor and expense devoted to the successful development of so noble an enterprise must result in not only affording the highest gratification to all who may hear the glorious music to be rendered upon a scale of grandeur never before attempted, and witness the magnificent spectacle which such an assemblage must present, but that it will also confer a lasting benefit upon art, the country, and the age.

While the programme of the first week of the Festival will embrace all the great features to be presented—including the CHORUS OF

TWENTY THOUSAND VOICES,

THE

Orchestra of Two Thousand Performers,

the most powerful organ ever built, together with many of the most eminent American and European bands and artists (among whom may be mentioned *the great maestro*

Johann Strauss and His Famous Austrian Band

of fifty-six performers), the concerts to be given from first to last will surpass any series of musical entertainments ever presented to the American public.

SEASON TICKETS, transferable, admitting to all the Concerts from June 17th to July 4th, inclusive, FIFTY DOLLARS EACH, including reserved seats, now ready; and Tickets for single admission to each entertainment, during the first week, FIVE DOLLARS, with reserved seats, will be ready for sale on and *after June 1st*, and may be had upon application, personally or by letter, to A. P. PECK, Music Hall, Boston.

Per order of the Executive Committee.

BOTH SEXES, SINGLE OR MARRIED.
DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
No. 21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

is the only regular graduate physician advertising in Boston.

TWENTY YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape Imposition of Foreign and Native Quacks, more numerous in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines BY THE DEAD, who can not expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all ladies who need a Medical or Surgical adviser, to call at his Room No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

No. 21 Endicott Street, Boston.

DR. WALKER'S CALIFORNIA

J. WALKER, Proprietor. R. H. McDONALD & Co., Druggists & Gen. Agents, San Francisco, Cal., and 34 Commerce street, N. Y.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile Fancy Drink, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

"PATENT PAPERED WOOD HANGINGS."

Parties Decorating their Walls and Ceilings should carefully examine the merits of the WOOD HANGINGS and not accept the unfavorable reports of interested parties. Instead of throwing away your white doors or having them grained or putting in solid hard wood, you can have them covered with Wood Hangings, putting in solid mouldings, saving a great expense.

Office of JAMES Y. SMITH & NICHOLS,
No. 56 Westminster Street,
Providence, R. I., April 10, 1870.

CHARLES W. SPURR, Esq., 43 Summer St., Boston.

DEAR SIR:—Our Union Bank decorated their banking rooms with your Wood Hangings two years ago, which has been much admired. The work stands well, no showing of its giving out in any way. Hope you are successful in introducing the same.

Very truly,
JAMES Y. SMITH, President.

CHARLES W. SPURR, Esq.,

DEAR SIR:—I have your favor of the 1st, referring to your Wood Hangings. About a year since I had it used in the dining room and halls of my house, and to date I am perfectly satisfied with it in every particular.

Very truly,
JOHN S. DUNLAP.

SELWYN'S THEATRE, MANAGER'S OFFICE,
Boston, May 5th, 1870.

CHAS. W. SPURR,

SIR:—I wish to say that your Wood Hangings have been on the walls of the Vestibule of this Theatre since August, 1868, and have proved entirely satisfactory. As the walls were plastered, and the Vestibule very much exposed to the varied changes of the weather, there were serious doubts of the permanency of this style of decoration, but those doubts have been entirely removed. And the truth of this is manifest to the many who come to see and judge for themselves, and who admire its beauty and novelty exceedingly.

I remain yours truly,
JOHN H. SELWYN.

TRANSCRIPT OFFICE, Boston, May 10, 1870.
CHAS. W. SPURR, Esq.,

DEAR SIR:—The Wood Hangings you put upon my house, No. 14 Montgomery street, has stood the test of two years' use, to the entire satisfaction of the family. It is as firm on the wall as the day you left it. The heat or moisture has not caused the wood to peel in a single spot, and I see no reason why it will not remain so for years. I can cheerfully recommend its use to all, in preference to paper in a dining room.

Respectfully and truly yours,
H. W. DUTTON.

BOSTON, Dec. 24, 1870.

It is with the greatest pleasure we acknowledge the solid and elegant effect produced by your PATENT PAPERED WOOD HANGINGS in the halls, dining rooms, and vestibules of the "St. Cloud Hotel." In the construction of this building, we have, as trustees, studied the most rigid economy consistent with durability; and it being within our own knowledge, that, for the past three years your woods had remained wholly unaffected by steam, furnace heat, and dampness, we had no hesitation in using them almost exclusively in the interior decoration. We heartily congratulate you upon the success with which you are meeting.

Very truly, GEORGE B. BIGELOW,
For Trustees of Buffinton Estate.

BOSTON, Nov. 15, 1870.

Since the first introduction of your "PATENT PAPERED WOOD HANGINGS," we have had you apply over six thousand (6,000) feet of Badoe in Black Walnut, White Wood, Butternut and Oak. We have also used your Cedar and White Wood Hangings for Closets, Pantries, and Bath Rooms. Your work has proved to be unaffected by dampness, steam or furnace heat, and while the cost is far below solid wood, you are enabled to give us the choicest varieties. The work you have just finished for us exceeds in elegance of woods and workmanship, all your former efforts. Accept our congratulations in your present success, which must rapidly increase with a general appreciation of the elegance and durability of this mode of decoration.

Yours very truly, &c.,
BOURN & LEAVITT,
146 Mt. Vernon St., Boston
